When a new product is in development, it's tempting to place compliance on the back burner due to a lack of resources. But ignoring compliance in the early stages of development can end up costing much more in terms of reputational damage and fines. Hear about regulations and laws that fintech companies need to consider during product development and learn how to adapt your compliance program to account for new products and services. o Speakers: ? Justin B. Hosie – Partner – Hudson Cook, LLP ? Paula M. Vigo Marqués – Associate – Blank Rome LLP
