

HOW LAWYERS CAN USE AI WITHOUT GETTING DISBARRED!

November 3rd, 2025 | [L. Jean Noonan](#) and [Ryan S. Stinneford](#)

Every lawyer who has used generative AI with a legal or compliance issue knows how quick and useful it can be, and we have all heard stories of how shockingly wrong it can be. Ryan Stinneford and Nicholas Schmidt join forces on this panel to provide practical advice on where the ethical minefields are and how to avoid them and manage the risk. This lively discussion will go beyond the standard advice of check-your-case-cites to demonstrate how to use AI for searches that help a lawyer or a compliance professional frame their issues and locate reliable resources. Bring your questions and get guidance from this terrific panel. Moderator: L. Jean Noonan, Partner, Hudson Cook, LLP, Washington, DC Panelists: Nicholas Schmidt, CTO, SolasAI and Director and A.I.
