

Scaling Smart: Licensing and Operational Considerations for Multi-State Growth

February 12th, 2026 | and [Chuck Dodge](#)

Expanding into new states creates opportunity, but also brings regulatory complexity and operational risk. This session will provide a practical roadmap for growth, helping attendees understand licensing and bonding requirements, anticipate common mistakes, and adapt to evolving state regulations. Using real-world examples and recent regulatory updates, we'll connect compliance fundamentals with day-to-day operational planning, ensuring teams can expand with confidence while avoiding costly missteps.
