Time is ticking on the compliance date for the FTC’s 2021 amendments to the Safeguards Rule. Join Hudson Cook’s Webb McArthur and Dailey Wilson as they discuss the FTC’s recent changes to the Safeguards Rule. The amended Safeguards Rule imposes specific requirements regarding the development and implementation of an effective Safeguards Program, including written risk assessments, written incident response plans, penetration testing and vulnerability assessments, activity monitoring and logging, change management; and testing and monitoring the effectiveness of safeguards. It also requires that a single qualified individual be appointed to oversee your Safeguards Program; reports to the Board or Ownership; program evaluation; and training.

This webinar addresses issues related to the Safeguards Rule that may affect consumer financial services companies delivering products and services such as check cashing, pre-paid cards, money transfers, electronic bill payments, small-dollar consumer loans and other similar lines of business.

The webinar is presented with INFiN, a Financial Services Alliance. INFiN is the leading national trade association representing the diverse and innovative regulated consumer financial services industry. With state-licensed locations in communities across the country, INFiN members deliver critical products and services to meet U.S. consumers’ ever-evolving needs and expectations, enabling essential financial inclusion and stability. For more information, visit [www.INFiNAlliance.org](http://www.INFiNAlliance.org).

Registration required. All fields with an asterisk (\*) are required. Registration is offered and available primarily to clients of Hudson Cook, LLP. Please register using a company email address. Attempted registrations using personal email (Gmail, Yahoo, etc.) or academic email addresses (.edu) will not be accepted or will be canceled prior to the date of the webinar, as will registrations from lawyers at law firms, government employees or reporters. After registering and being approved, registrants will receive a confirmation email containing instructions on how to log in to the webinar.
